

Many families may be looking for significant naming and endowment opportunities as part of their gift to The Hospice for Life Foundation. Whether you are hoping to make memorial gift with a naming opportunity, or wish to make a lasting impact on compassionate palliative hospice care, now and for the future with an item from The Hospice's wish list, there are many opportunities that our team will be pleased to assist you with.

Endowed Gifts

An endowment in the name of you or your family member is a long-term investment into the future of community based palliative hospice care. Funds from endowments are carefully invested to ensure above average returns in stable funds and can be designated towards a specific type of program such as education, community nursing, capital projects or operating expenses. Endowments will honour you or your loved one and support the Foundation and Hospice for years to come.

Memorial Gifts

There is no better way to honour a loved one than with a donation in his or her name, or the family's name, to The Hospice for Life Foundation. Currently, several different naming opportunities exist within the Hospice Village, with endowment values to suit a variety of gifting levels. Please call a member of our team today to commit to the gift of compassionate community care.

Hospice Wish List

The Hospice of Windsor and Essex County Inc., in partnership with The Hospice for Life Foundation, provides high quality hospice care to those with life-altering diagnoses. However, there are many items that The Hospice has identified that would make the provision of service much easier and more accessible for our patients and their families. We would like to offer you the opportunity to make a gift towards one of these items. All donors may choose to endow the gift in their own name, or in honour of a loved one. A member of our team will be happy to work with you on naming and recognition opportunities.

You should always consult with your financial planner and other pertinent advisors before making a gift to ensure that your specific needs and requirements are met.
